CO1 - AT2 - CONCEPT MAPPING

Name: T. Rohith kumar Reddy

Regno: 192525175

course code: ITA0502

Course Name: computer vision

AUTONOMOUS VEHICLE
Autonomous Vehicle
Computer Vision
(understand and interpret) visual information
Image Sensing and Acquisition
-> cameras
-> sensors
Image processing
-> Enhance images
-> Remove noise
Sampling and Quantization
-> convert to digital form
-> sampling
Image Formation Models
-> pinhole camera model
-> 3D representation
Object Recognition
-> Detect roads, cars, pedestrians
-> Identify traffic signs
Navigation and Driving
-> Path planning
-> decision making
Roads and cars
pedestrians
obstacles
Safe Autonomous Driving
-> Avoid accidents
-> Follow traffic rules
-> Reach destination safely

MEDICAL IMAGING
